

RESQNET — 72-HOUR EMERGENCY KIT CHECKLIST

Prepare essential supplies for at least 72 hours. Keep the kit easy to access and update it regularly for every member of your household, including pets.

PERSONAL SAFETY & BASIC NEEDS

- Drinking water
- Ready-to-eat, non-perishable food
- First-aid supplies
- Essential medicines and prescriptions
- Flashlight
- Extra batteries
- Power bank / phone charger
- Whistle
- Basic hygiene and sanitation supplies
- Blanket or warm clothing

IMPORTANT DOCUMENTS & COMMUNICATION

- Emergency contact list
- Identification and important documents in waterproof storage
- Charged mobile phone
- Portable power bank
- Local evacuation route information
- Nearest shelter / relief-centre information
- Battery-powered radio, if available

PET EMERGENCY KIT

- Pet food and drinking water
- Leash / harness
- Sturdy carrier or crate
- Pet medicines
- ID tag and current contact details
- Vaccination / medical records
- Familiar blanket or comfort item
- Waste bags and basic hygiene supplies

BEFORE A DISASTER

- Know your local evacuation routes and relief centres.
- Keep emergency supplies in an accessible location.
- Charge phones and backup batteries when severe weather is expected.
- Keep important documents protected from water and fire.
- Plan how you will safely evacuate pets and other dependents.

SAFETY REMINDER: During an emergency, follow instructions from local authorities and use designated evacuation routes and shelters. Do not enter active danger zones.
